LOCAL MATTERS,

WEATHER PROBABILITIES. - War Depart ment, Office of the Chief Signal Officer, Washington. D. C., May 8, 1878—10:30 a. m.—
For the rest of Wednesday in the Middle Atlantic States warmer southerly winds, stationary or falling barometer, increasing cloudiness and possibly rain.

THIRD WARD INDEPENDENTS.-There assembled in front of the old Court-house, last night, about two hundred and fifty persons, white and colored. After much difficulty the key of the hall was obtained and the crowd filed in.

The meeting was called to order by Charles Jackson, who stated that he did not know the object of it, but J. McK. Ware came to his relief, and stated the object was to confer with each other in reference to recommending to the other wards for their support the gentlemen they proposed to endorse for the respective municipal offices; that he had proposed with others to go into the conservative primary, but being debarred, and the republican party being defunct, this meeting was called to support such independent candidates as they deem.

The meeting then went into permanent organization, and J. McK. Ware was elected president and Samuel. W. Dundars, secretary. J. A. Branch offered the following preamble and resolution, which was adapted :-

Whereas the conscrivatives have adopted the mest arbitray mode of precedure in the pendiog campaign. Be it resolved, That we, the independent

colored voters of the 3rd Ward, do propose to support the best men for the effices of this city. All the independent colored voters of the city are solicited to concur with us. Happibal King was the first speaker, and he

delivered himself of a long speech, directed at everybody. He took his seat amid laughter. groans, and hisses. The President then invited persons from other wards to take part in the movement.

Thomas Tapeil, of the First Ward, then put in nomination Sefer Blouse for the office of Superintendent of Police. This caused an exciting discussion, indulged

in by rumerous speakers. During the passage of words, R. B. Hopkins grose to speak, which increased the commoion, and the meeting became more disorderly than the radical convention last spring, but fir

ually Mr. Blouse was endorsed upanimously. C. F. Markell was then placed in nomination for Commonwealth's Attorney.

An unknown speaker stated that no gentlemen should receive endorsement from this riot-

ous clan. Mr. Markell was then endorsed, as were also R. T. Lucas for City Sergeant, and H. E. Drayton for Constable for the 3rd Ward.

Daniel W. Chinn, of the 4th Ward, said he was a black republican, and did not understand the idea of colored conservatives. He did not know what colored conservative meant, as he could not find it in either Webster or Worces. ter. He intended to have a meeting of his own in the 4th Ward, not one of democratic conser vative negroes.

E. Snodgrass, secretary. The attendance was very good. The principal feature was an interesting essay on "Currents" by Colonel Bingham, which was discussed by Messrs, Pierson, Gross, Gillingham and

Snodgrass. Among the communications read by the sec retary was a note from Wm. H. Clagett, informing the meeting that he was having laid out in an attractive manner ample grounds at the eastern terminus of the Columbia Railroad, to be known as "Eagle Park," and inviting the association to inaugurate the same with a sub-

urban fruit and flower exhibition. The meeting was adjourned to May 22. On that day, at 10 o'clock a. m., it will reconvene on board the steamer Mary Washington, and devote the occasion to an exhibition of strawberries and other fruits.

Secretary.

The report of the committee on the late entertainment was received and accepted. The foreman reported five alarms; the com

pany being in service one hour and ten minutes at O'Brien's. He complimented the members upon their good conduct in returing from fires recently, and explained his action with respect to the control of the pipes at the fire above mentioned. He had heard it said that his com pany entirely disapproved of that action and as he did not wish to command if such was the case, he tendered his resignation, and left the room. The resignation being then considered, after some remarks on the subject from En gineer Young, it was unanimously resolved that it be not accepted.

The meeting then adjourned. THE COMMON ENEMY. - In order to make headway against the common enemy, Disease, it is necessary to oppose him with persistence. It very frequently happens that a remedy perfectly adequate to the necessities of the case, if persisted in, is condemned and thrown aside because a few doses of it do not cure a malady. How unreasonable and unjust would such ady.
